 Name of Employee Department Date

SUBJECT AND EXPLANATION OF COUNSELING

Curley was to work Hall 3 men, many of these men are incontinent. His rounds were not completed in a manner which would show concern for the residents. Between rounds he visited on Hall 2. I was aware that he was on Hall 3. However, between the 3 AM and 5 AM, he slept in a chair facing the Nurses Station on Hall 3. Poor job performance and failure to improve could result in termination.
